## ISDE supports the CSDE formation

The formation of the Chinese Society for Diseases of the Esophagus was great success. Over 200 delegates from China attended the meeting. The ISDE Executive committee represented by Drs. Kenneth Wang, Mark Ferguson, Steven DeMeester and Simon Law gave their excellent talks ... [read more](#)

## News from DOE – Highlights in Issue Vol 28 / 7

Neoadjuvant therapies for advanced esophageal cancer are widespread: nearly 45% of the patients undergoing esophagectomy received neoadjuvant therapy in 2010 in the USA, doubling the number from 2005. The use of induction therapy prior to surgery is supported by ... [read more](#)

## Invitation to annual JES meeting

The 70th Annual Meeting of the Japan Esophageal Society will be held from 4 to 6 July, 2016 at the Prince Park Tower Tokyo. Click [here](#) to read the invitation from the congress president.

## ISDE at UEG Week
